"Since God placed man on earth, agriculture has existed. There is no occupation that precedes it, no order or association that can rank with the tillers of the soil. Before literature existed, before governments were known, agriculture was the calling of man. And all the fruits of social progress grow from the brown soil."

OUR DECLARATION OF PRINCIPLES

We believe that in essentials there is unity, in non-essentials liberty, and all things charity.

We affirm that "An honest man is the noblest work of God."

We Scorn not to receive instruction from the humblest object tha offers us a lesson.

We believe that a man's life, consisteth not in the abundance of things he possesseth, but in the right use of God's blessings.

The highest object of our order is to develop a better and higher manhood and womanhood among ourselves.

United by the strong and faithful tie of agriculture we mutually resolve to labor for good of our order, our country and mankind.

THE GRANGE CODE

I will be in my place on time.

I will pay my dues promptly.

I will endeavor to attend grange meetings more regularly.

I will learn to state my motions in the fewest words possible.

I will refrain from criticism.

I will speak to "the stranger within our gates."

I will refrain from talking during musical selections, the same as I would during an address.

I will avoid making motions in the negative.

I will be charitable. Each member has a right to promote measures in which he is interested and to defend those he disapproves.

I will vote to uphold my opinion, but when a vote is registered, I will submit graciously to the will of the majority.

I will always speak a good word for my grange and an encouraging word to the Master and Lecturer.

I will try to make the grange a better organization from my being a member.
